PART 1 | STRATEGIC FOUNDATION

A. THE PROMISE

Team Riley's core promise: **We deliver Digital Health for your health business.**

We promise health and wellness business owners a world-class digital presence that reflects the true quality of care they deliver — so they can stop being the best-kept secret in their market and start being the most visible, most trusted, and most booked practice in their area.

The 6-Part Promise

- A stunning, conversion-optimized website that works 24/7 to turn visitors into booked appointments
- Consistent, on-brand social media management that builds trust and drives new patient flow — without the owner's daily involvement
- SEO strategies that put health businesses at the top of local search results
- Patient Flow AI that keeps calendars full predictably and systematically
- Unlimited updates so the digital presence never falls behind the market
- A true fractional marketing partner who understands health and wellness exclusively

B. THE PROBLEM

Health and wellness business owners face a painful paradox. They have spent years — often decades — building exceptional clinical skills and creating practices that genuinely transform lives. But online? They are **invisible**.

The Visibility Problem	Potential patients search online daily and choose competitors — not because they're better, but because they show up first.
The Referral Ceiling	Referral-only growth is unscalable and creates feast-or-famine revenue cycles.
The Time Problem	DIY marketing drains 5-10 hours per week from clinical work, family, and wellbeing.
The Bad Agency Problem	Generic agencies over-promise and under-deliver — producing zero measurable patients.
The Competitor Gap	Less-skilled competitors investing in digital are eating away at the available patient pool every month.

C. THE SOLUTION

Team Riley is the solution — specifically engineered for the health and wellness industry. Unlike generic agencies, Team Riley works **exclusively** with health and wellness businesses.

Website Design & Management	Stunning, conversion-optimized websites built for health patient psychology
Unlimited Updates Forever	Industry-exclusive — the digital presence never becomes outdated
Social Media Management	Consistent, on-brand content created entirely by Team Riley
Patient Flow AI	Proprietary patient acquisition system for predictable calendar growth
SEO	Local search dominance for health-specific queries
PPC Management	Qualified patient inquiries at optimized cost-per-acquisition
Social Advertising	Paid campaigns turning social scrollers into booked appointments
eCommerce Management	Online sales systems for health product revenue streams
Branding & Design	Cohesive premium brand identity at every digital touchpoint

Pricing Structure

PLAN	PRICE	PAGES	BEST FOR
Silver	\$199/mo	1–5 pages	Early-stage wellness businesses
Gold ■ Most Popular	\$399/mo	5–11 pages	Established practices ready to grow
Platinum	\$599/mo	11+ pages	High-revenue / national brand building

D. THE AUDIENCE

• Age: 33–55 years old	• Geography: U.S. metros & affluent suburbs
• Revenue: \$150K–\$3M+ annually	• Decision Style: Quality-focused, peer-influenced
• Team Size: 10+ employees	• Marketing Status: Frustrated by DIY or past agencies
• Business Stage: 3–15+ years established	• Investment Readiness: Ready to spend, open to discussion

Health & Wellness Business Types Served

• Medical Spas & Aesthetic Clinics	• Wellness Studios (yoga, Pilates)
• Chiropractic Practices	• Physical Therapy Practices

- Functional & Integrative Medicine

- Naturopathic & Holistic Health

- Private Practice Mental Health

- Private Pay Medical Practices

E. SALES ARGUMENT

- 72% of patients research a health provider online before booking — Team Riley captures this intent
- At \$399/mo Gold Plan: ONE new patient per month more than covers the entire investment
- Health business owners spend 5-10 hrs/week on DIY marketing — worth \$500-\$2,000+/month in lost time
- Team Riley's unlimited updates eliminate the #1 agency frustration: growing bills for basic changes
- SEO and website equity compounds over time — unlike paid ads, it generates value indefinitely
- 500+ health businesses prove the model — this is not theory, it is a proven system

F. UNIQUE SELLING PROPOSITION (USP)

"The only done-for-you digital marketing partner that works exclusively with health and wellness businesses — delivering world-class websites, social media, SEO, and patient flow systems with unlimited updates, for one predictable monthly investment."

5 Core Differentiators

- **Health & Wellness Exclusivity** — Not a generalist agency. Health is ALL they do.
- **Unlimited Updates Forever** — No other agency offers this as a standard feature.
- **Full-Service Under One Roof** — Website + social + SEO + AI + PPC + branding, one invoice.
- **Fractional Marketing Partner Model** — Not a vendor. A true business partner.
- **Proven at Scale** — 500+ health businesses. Real results. Real testimonials.

G. 3 POTENTIAL OFFERS

Offer 1 — "The Digital Foundation"

Target: Jordan Ellis (Wellness Entrepreneur)

For wellness entrepreneurs and smaller practices ready to elevate from DIY to professional. Positioning: "Stop letting your DIY website cost you clients. Get a professional digital presence that reflects the quality of your work — starting at less than \$7 a day."

Offer 2 — "The Growth Engine"

Target: Monica Vasquez (Med Spa) + Dr. Marcus Reid (Chiropractor)

For established health practices ready to seriously grow digital patient acquisition. Positioning: "Join 500+ health businesses that are filling their calendars with ideal patients from digital channels every single month."

Offer 3 — "The Premium Brand"

Target: Dr. Kevin Okafor (Functional Medicine) + Dr. Rachel Simmons (Psychologist)

For high-revenue practices building toward national brand recognition. Positioning: "Your practice generates premium revenue. Your digital presence should command premium attention."

H. 3 STRATEGIC CAMPAIGN IDEAS

Campaign 1: "The Invisible Practice" Awareness

Format: LinkedIn Single Image + Long-Form Copy | Target: Health Business Owners by Job Title

Pattern-interrupt ads with bold typography + the PAS long-form copy post. Objective: website visits leading to discovery call bookings. Budget: \$10-20/day micro test.

Campaign 2: "500+ Can't Be Wrong" Social Proof

Format: LinkedIn Carousel + Short-Form Copy | Target: Practice Management Software Users + Conference Attendees

Before/after website transformations + client results in carousel format. Specifically targets the "I've been burned before" objection with evidence-based messaging.

Campaign 3: "What If Your Website Worked While You Slept?" Transformation

Format: LinkedIn Video Ad + Long-Form Copy | Target: Health Business Revenue Growth Engagers + High-Intent Researchers

Video hooks from Step 7 delivering transformation vision. Drives to discovery call booking calendar at teamrileyweb.com.

I. BRAND STYLE GUIDE

Brand Name	Team Riley
Tagline	Digital Health For Your Business
Personality	Confident · Empathetic · Premium · Trustworthy · Results-Oriented
Tone of Voice	Confidently Empathetic + Direct Authority — clear, direct, no fluff
Primary Color	Deep Navy Blue — trust, professionalism, authority
Secondary Color	Electric Blue/Indigo gradient — innovation, technology
Accent	Clean White — clarity, health, premium quality

Typography	Clean modern sans-serif for digital; professional serif for formal documents
------------	--

Words to USE vs. AVOID

■ USE	■ AVOID
Digital Health For Your Business	Cheap / Affordable
World-class / Unlimited / 500+	We'll try our best
Exclusively for health and wellness	Like other agencies
Patient flow / Fractional partner	Generic marketing buzzwords

PART 2 | MARKETING AVATARS

5 MARKETING AVATAR PROFILES

Each avatar below represents a radically different ideal client profile for Team Riley. Use these profiles to brief any AI tool, write targeted copy, choose images, and select cohort targeting. Full 110-point deep-dive profiles are available in the extended avatar document produced in Steps 2 and 3 of this process.

Avatar 1: Dr. Dana Mitchell

"The Thriving Clinic Owner"

Demographics

- Age: 38–52
- Gender: Female
- Location: Mid-to-large U.S. metro areas
- Income: \$250K–\$750K personal / \$500K–\$2M business
- Education: Advanced degree (MD, DO, DPT, RN, NP)
- Occupation: Owner/operator of health & wellness clinic

Core Problem:

World-class care but digital presence doesn't reflect it — losing patients to less-skilled but more visible competitors.

Top 5 Emotions	Top 5 Fears
• Frustration at online invisibility	• Wasting money on another bad agency
• Embarrassment at outdated website	• Losing brand control
• Quiet jealousy of competitor social media	• Falling too far behind competitors
• Cautious hope for the right partner	• Practice plateauing
• Exhaustion from DIY marketing attempts	• Stuck doing it alone forever

Investment:
\$1,500–\$3,500/month

Buying Cycle: 2–4 weeks

Preferred CTA: One-on-one
discovery call

Best Plan: Gold (\$399/mo)

Avatar 2: Dr. Marcus Reid

"The Growth-Minded Chiropractor"

Demographics

- Age: 40–55
- Gender: Male
- Location: Mid-sized U.S. cities (Nashville, Charlotte, Denver)
- Income: \$150K–\$350K personal / \$600K–\$2M business

- Education: Doctor of Chiropractic (DC)
- Occupation: Solo/small multi-provider chiropractic clinic owner

Core Problem: Maxed out referral-based growth with no consistent digital patient acquisition system — invisible to local patients searching online.

Top 5 Emotions	Top 5 Fears
• Frustration at referral ceiling	• Corporate chains dominating his market
• Anxiety about corporate chain competition	• Marketing investment with no ROI
• Competitive anger at inferior competitors winning online	• Looking unprofessional online
• Cautious hope for proven system	• Practice stagnating with overhead growing
• Quiet urgency losing patients monthly	• Retiring without building real equity
Investment: \$1,500–\$3,000/month	Preferred CTA: Discovery call with peer testimonials
Buying Cycle: 3–6 weeks	Best Plan: Gold (\$399/mo)

Avatar 3: Jordan Ellis

"The Ambitious Wellness Entrepreneur"

Demographics

- Age: 33–45
- Gender: Female/Non-binary
- Location: Urban trendy markets (Austin, Portland, Brooklyn, Boulder)
- Income: \$80K–\$200K personal / \$300K–\$1M growing
- Education: Bachelor's + wellness certifications
- Occupation: Owner of wellness studio / health coaching practice

Core Problem: Outgrown DIY marketing but hasn't made the leap to professional — digital presence doesn't capture the transformative brand experience delivered in person.

Top 5 Emotions	Top 5 Fears
• Creative exhaustion doing everything alone	• Losing authentic brand voice to an agency
• Frustrated ambition	• Burning out before scaling
• Fear of looking generic or corporate	• Marketing that gets followers but not revenue
• Competitive awareness of growing peers	• Becoming generic in crowded market
• Hopeful urgency to invest now	• Losing community trust built over years
Investment: \$1,200–\$2,500/month	Preferred CTA: Creative discovery call — conversational tone
Buying Cycle: 1–3 weeks	Best Plan: Silver/Gold (\$199–\$399/mo)

Avatar 4: Dr. Rachel Simmons

"The High-Performing Private Practice Psychologist"

Demographics

- Age: 40–58
- Gender: Female
- Location: Affluent suburbs & major metros (Boston, Seattle, DC)
- Income: \$200K–\$500K personal / \$400K–\$1.5M practice
- Education: Doctorate (PhD or PsyD)
- Occupation: Private practice owner — premium self-pay psychology

Core Problem: Telehealth platforms threatening private practice model — needs premium digital presence to attract self-pay clients but faces unique ethical marketing constraints.

Top 5 Emotions	Top 5 Fears
• Professional anxiety about telehealth disruption	• Ethical violation damaging her license
• Intellectual pride not yet digital	• Telehealth making her model obsolete
• Ethical vigilance in all marketing	• Looking commercially driven online
• Cautious ambition to grow	• Wrong type of clients from marketing
• Financial protectiveness of premium income	• Losing exclusivity of premium practice

Investment:
\$1,500–\$3,500/month

Buying Cycle: 4–8 weeks

Preferred CTA: Formal email +
professional proposal

Best Plan: Platinum (\$599/mo)

Avatar 5: Dr. Kevin Okafor

"The Scaling Functional Medicine Doctor"

Demographics

- Age: 38–52
- Gender: Male
- Location: Health-conscious metros (LA, Miami, NYC, Austin, San Diego)
- Income: \$300K–\$700K personal / \$800K–\$3M practice
- Education: MD or DO + IFM / longevity medicine certifications
- Occupation: Owner of cash-pay functional/longevity medicine practice

Core Problem: Vision of national thought leadership brand far exceeds current digital infrastructure — too busy in clinical delivery to build the content engine and brand presence his ambitions require.

Top 5 Emotions		Top 5 Fears	
• Ambitious urgency — window to build brand is NOW		• Trapped in clinical hamster wheel forever	
• Visionary frustration at gap between reality and vision		• Peers building national brands first	
• Competitive awareness of physician entrepreneurs winning online		• Practice permanently dependent on personal presence	
• Strategic impatience — resources ready, needs right partner		• Agency lacking sophistication his vision demands	
• Confident ambition — knows where he's going		• Missing first-mover advantage in functional medicine	
Investment: \$3,000–\$7,000+/month		Preferred CTA: Strategic high-level call — no basic pitches	
Buying Cycle: 1–2 weeks		Best Plan: Platinum (\$599/mo)

Your Next 100 Patients Are Searching for You Right Now. Can They Find You?

5 LONG-FORM POSTS (1,800–2,200 characters)

Post 1: The Invisible Practice (PAS — Problem-Agitation-Solution)

You built something remarkable.

Years of education. Years of sacrifice. Years of showing up for your patients and delivering results that genuinely change lives.

And yet... if someone searched for your practice online right now, would they find a digital presence that reflects all of that?

Or would they find an outdated website that looks like it was built in 2015, a social media page with posts from three months ago, and a Google listing with barely any reviews?

Here's the brutal truth that nobody in the health and wellness industry wants to say out loud:

Your online presence is either working for you 24 hours a day — or it's quietly working against you.

Every single day, potential patients in your area are searching for exactly what you offer. They're typing in those searches. They're scrolling through Instagram. They're checking Google reviews. And when they land on your digital presence and it doesn't match the quality of care you actually deliver — they leave. Silently. Without a word.

They go to your competitor. Not because your competitor is better. But because your competitor showed up better online.

That's not a patient acquisition problem. That's a visibility problem. And it's 100% fixable.

At Team Riley, we work exclusively with health and wellness businesses. The most skilled clinicians, the most passionate practitioners — held back not by their abilities but by a digital presence that simply doesn't do them justice.

We handle everything. Website. Social media. SEO. Patient flow. You focus on delivering world-class care — we make sure the world can actually find you.

500+ health businesses have already made this shift.

Are you ready to stop being the best-kept secret in your market?

Post 2: The Morning She Almost Quit (Storytelling / Narrative)

She had been in practice for eleven years.

Built her med spa from a single treatment room to a full team of six. Her clients adored her. Her results were extraordinary.

But every Monday morning, she'd sit down with her coffee before anyone else arrived — and she'd look at her competitor's Instagram.

Gorgeous content. Hundreds of comments. New client announcements every week.

Then she'd look at her own page. Fourteen posts in the last six months. A website she was too embarrassed to send people to. A calendar that had gaps she couldn't explain.

She told her husband she was thinking about selling.

Not because the business was failing. But because the gap between what she'd built and what the world could see online had become exhausting to carry.

That's when she found Team Riley.

Within 30 days, she had a website she was proud to share. Within 60 days, her social media was running consistently with content that actually sounded like her. Within 90 days, she had her best new client month ever — and she hadn't posted a single thing herself.

She still has her morning coffee ritual. But now she looks at her own Instagram with the same pride she used to reserve for her competitors.

This is what happens when a world-class health business finally gets a world-class digital presence to match.

Team Riley works exclusively with health and wellness businesses. We handle your entire digital presence — website, social media, SEO, patient flow, and more.

Your story doesn't have to include a Monday morning where you think about giving up.

■ Get Started today: <https://teamrileyweb.com/>

Character Count: 1,912

Post 3: What If Your Website Worked While You Slept? (AIDA — Attention-Interest-Desire-Action)

What if the most powerful member of your marketing team never took a day off, never called in sick, and worked around the clock to bring new patients directly to your calendar?

That's not a fantasy. That's what a properly built, professionally managed digital presence does for a health and wellness business.

But here's what most health professionals don't realize until it's too late:

Your website isn't just a digital business card. It's either your highest-performing team member — or your most expensive liability. And right now, for most health businesses, it's the latter.

Think about it. The last time a potential patient landed on your website — what did they see? Did they see a clean, modern, conversion-focused experience? Or something outdated that sent them straight to your competitor?

Every day without a high-performing digital presence is a day of lost revenue. It's that simple.

At Team Riley, we've spent years perfecting the formula for health and wellness businesses online. World-class websites. Social media that builds trust. SEO that dominates local search. Patient Flow AI that keeps your calendar full without you lifting a finger.

All under one roof, for one predictable monthly investment, with unlimited updates.

Our clients don't just get a prettier website. They get a business that finally works as hard as they do.

500+ health and wellness businesses are already experiencing this. Practices that relied entirely on referrals now have predictable, scalable patient flow — month after month.

Imagine waking up tomorrow with three new patient inquiries in your inbox. Then doing it again the next day.

That's the Team Riley difference.

■ Get Started today: <https://teamrileyweb.com/>

Character Count: 2,024

Post 4: "I've Tried Marketing Before and It Didn't Work" (Objection Handling / Direct Response)

I hear this almost every week from health business owners.

And honestly? I don't blame them.

Most of them have a story. They hired an agency that promised the world, charged a premium, produced generic content — and delivered zero measurable new patients.

So let me address the objections I know are running through your mind right now:

"It's too expensive." — One new patient per month on our Gold plan more than covers your entire investment. Most clients see 10-20+ new patients within 90 days.

"I've been burned before." — Generic agencies fail health businesses because they don't understand healthcare. We do — because health and wellness is literally all we do.

"How long until I see results?" — Brand transformation within 30 days. Early patient momentum within 60 days. Meaningful, measurable growth within 90 days.

"What if I want to cancel?" — You keep everything. Your website. Your content. Your assets. No horror stories. No held hostage.

"Will you understand my specific niche?" — We work exclusively with health and wellness businesses. Med spas, chiropractic clinics, functional medicine, private practices, wellness studios. Your niche is our world.

The only question left is this: How much longer are you willing to let an underperforming digital presence stand between you and the practice you've worked so hard to build?

Post 5: Imagine This Monday Morning (Future Vision / Transformation)

It's Monday morning.

You walk into your practice and your front desk coordinator smiles before you even take off your coat.

"We had four new patient inquiries over the weekend," she says. "Three of them already booked online."

You glance at your phone. Your Instagram notification shows 47 new followers since Friday — and two DMs from potential clients. Your Google ranking has you at the top of local search results. And your website? It's converting visitors into booked appointments while you focus on the work you love.

This isn't a dream. This is what happens when a health and wellness business finally has a digital presence that matches the quality of care it delivers.

But here's what I want you to really sit with for a moment:

How far is your current Monday morning from that one?

If the honest answer involves checking a calendar with gaps you can't explain, scrolling past a competitor's Instagram with frustration, or avoiding your own website because it doesn't represent who you are — then you already know something needs to change.

At Team Riley, we exist for one reason: to build digital health for health businesses.

We take the burden of your entire online presence completely off your plate. The website. The social media. The SEO. The patient flow strategy. The unlimited updates. All handled.

500+ health businesses have already made the shift. Their Monday mornings look different now.

Yours can too.

Character Count: 2,007

5 SHORT-FORM POSTS (350–850 characters)

Post 1: The Hard Truth (Bold Statement Hook)

Your competitors aren't better than you.

They just show up better online.

Every day your digital presence underperforms, you're handing patients to practices that don't deserve them as much as you do.

Team Riley builds world-class digital presences exclusively for health and wellness businesses. Website. Social media. SEO. Patient flow. All handled.

500+ health businesses have already made the shift.

■ Get Started: <https://teamrileyweb.com/>

Character Count: 522

Post 2: Sound Familiar? (Relatable Pain Point)

You built an incredible health practice. Your patients love you. Your results speak for themselves.

But your website looks like 2015 called and never left. Your social media is inconsistent at best. And new patient flow depends entirely on referrals you can't control.

You know you need to fix it. You just don't have the time — or the right partner.

That's exactly what Team Riley is for.

World-class websites. Consistent social media. Real patient flow results.

■ Get Started: <https://teamrileyweb.com/>

Character Count: 588

Post 3: What You Actually Get (Benefit-Focused)

When health businesses partner with Team Riley, here's what changes:

Their website converts visitors into booked appointments. Their social media runs consistently without them touching it. Their SEO puts them at the top of local searches. Their calendar fills with ideal patients.

And they get their time back.

No more evenings on Instagram. No more embarrassment about the website. No more slow months nobody can explain.

Just a digital presence that works as hard as you do.

■ Get Started: <https://teamrileyweb.com/>

Character Count: 547

Post 4: 90 Days (Micro-Storytelling)

90 days ago, she was thinking about selling her practice.

Not because business was bad. Because her digital presence was so far behind her competitors that the gap felt impossible to close alone.

Today, she just had her best new patient month ever.

Same practice. Same expertise. Same passion for her patients.

The only thing that changed? She handed her marketing to a team that does this exclusively for health businesses.

Team Riley. Digital health for your business.

■ Get Started: <https://teamrileyweb.com/>

Character Count: 492

Post 5: Stop Scrolling (CTA-First Pattern Interrupt)

If you run a health or wellness business and your digital presence doesn't reflect the quality of care you deliver — this is your sign.

Not tomorrow. Not next quarter. Now.

Every day of delay is another day of patients choosing your competitors — not because they're better, but because they're more visible.

Team Riley handles everything. Website. Social. SEO. Patient flow. Exclusively for health and wellness businesses.

500+ practices have already made this move.

10 IMAGE SUGGESTIONS + 10 AI IMAGE PROMPTS

Image 1: Before & After Website Transformation

Image Description: Split-screen laptop: left = outdated health website (dull colors, no CTA), right = modern Team Riley-built site (clean design, bold "Book Now" button). No people needed — contrast does the work.

AI Prompt: "A split-screen image showing two versions of a health clinic website on a MacBook laptop. Left side: outdated, cluttered, poor design with dull colors. Right side: modern, clean, conversion-optimized health website with bold typography and a clear booking button. Professional studio lighting, photorealistic style."

Image 2: The Overworked Health Professional

Image Description: Health professional in scrubs at desk after hours, exhausted, staring at laptop showing poor social media performance. Subtle Team Riley overlay in corner.

AI Prompt: "A professional female doctor in a white coat sitting at a modern desk in a medical office after hours, looking tired but hopeful, staring at a glowing laptop screen. Warm ambient lighting, shallow depth of field, cinematic photography style."

Image 3: The Fully Booked Calendar

Image Description: Close-up of digital calendar on tablet — every slot booked. Coffee cup nearby. Calm, successful mood. Text overlay: "This is what digital health looks like."

AI Prompt: "A close-up flat lay of a modern tablet displaying a fully booked digital appointment calendar, surrounded by a stethoscope and coffee cup on clean white marble. Bright natural lighting, professional lifestyle photography."

Image 4: Social Proof at Scale

Image Description: Professional graphic with health/wellness brand logos on navy background. Bold overlay: "500+ Health Businesses Trust Team Riley." Clean and immediately credibility-building.

AI Prompt: "A confident, well-dressed male chiropractor standing in a bright, modern clinic with genuine smile. Behind him a large monitor displays a stunning website. Professional photography, aspirational mood."

Image 5: The Competitor Comparison

Image Description: Two storefronts side by side: one dark/empty, one bright/busy. Google search mockups above: one ranked #1 with 4.9 stars, other buried on page 2. Text: "Which practice does your digital presence represent?"

AI Prompt: "A side-by-side comparison of two health clinic Google search results. Left: poorly reviewed, buried. Right: top-ranked with 5-star reviews and a booking button. Photorealistic interface design."

Image 6: The Confident Practice Owner

Image Description: Well-dressed health professional standing tall in premium clinic, genuine smile. Monitor behind them shows stunning website. Emotion: pride, relief, confidence — the "after" state.

AI Prompt: "A lifestyle photo of a successful female med spa owner at her reception desk, smiling at her phone showing a 5-star Google review notification. Modern, bright, elegant spa. Natural lighting, warm triumphant mood."

Image 7: The Stat-Driven Infographic

Image Description: Deep navy background, bold white text with 3 statistics: "72% of patients research online first." "3x more inquiries with active social media." "8 seconds to make an impression."

AI Prompt: "A clean infographic on deep navy blue background with bold white and gold typography showing three compelling health industry digital marketing statistics. Minimalist professional design."

Image 8: Behind the Scenes — Team Riley

Image Description: Marketing team at work in modern office — large monitors showing health brand websites and analytics. Real, energetic, professional. Overlay: "Your dedicated digital health team."

AI Prompt: "A dynamic behind-the-scenes photo of a diverse, energetic marketing team in a modern open-plan office. Large monitors display health brand websites. Team members engaged and collaborating. Warm, professional mood."

Image 9: The Patient Journey Storyboard

Image Description: 3-panel storyboard: (1) Patient searching on phone, (2) Beautiful health website with "Book Now", (3) Smiling patient walking into clinic. Text: "Your patients are searching. Can they find you?"

AI Prompt: "A 3-panel storyboard illustration: Panel 1 — person searching on smartphone for health clinic. Panel 2 — beautiful health website with Book Now button. Panel 3 — smiling patient entering clinic. Clean flat design, navy and white palette."

Image 10: Bold Typography Pattern Interrupt

Image Description: Pure black background. White and electric blue typography: "Your practice is world-class." / "Your website should be too." / "Team Riley — Digital Health For Your Business."

AI Prompt: "A bold typographic poster on pure black background. Large white serif font: Your Practice Is World-Class. Below in electric blue sans-serif: Your Website Should Be Too. Minimal, high-contrast, powerful."

PART 4 | VIDEO STRATEGY

10 VIRAL VIDEO HOOKS

Hook 1 The Uncomfortable Truth (Challenge Common Belief)

"The reason your health practice isn't growing online has nothing to do with your skills, your prices, or even your location. It has everything to do with this one thing most health business owners completely ignore..."

Hook 2 The Costly Mistake (Common Mistake Call-Out)

"If you're running a health or wellness business and you built your own website or handed it to a generalist agency — I need you to stop what you're doing right now. Because that decision is quietly costing you new patients every single day and you don't even know it."

Hook 3 The Shocking Stat (Did You Know / Data-Driven)

"72% of patients research a health provider online before they ever pick up the phone. That means right now — today — potential patients are searching for exactly what you offer. The question is: when they find you, does what they see make them book — or bounce?"

Hook 4 The Relatable Struggle (Empathy + Open Loop)

"She had been in practice for 12 years. Incredible results. A waiting list. A team who loved her. And every single Monday morning she'd open Instagram, look at her competitor's page, and feel her stomach drop. Sound familiar? Here's what changed everything for her."

Hook 5 The Pattern Interrupt (Reverse Psychology)

"Don't watch this if your health practice's calendar is already completely full, your website converts like crazy, and you never lose a patient to a competitor who is less qualified than you. Still here? Good. Because I need to show you something."

Hook 6 The Bold Claim (Superlative + Curiosity)

"What if the single most powerful growth lever in your entire health business isn't your clinical skill, your staff, or your location — it's something most practitioners set up once, forget about, and never fix? I'm talking about your digital presence."

Hook 7 The Transformation Story (Before & After Mini Story)

"90 days ago, a functional medicine doctor in our network was seriously considering closing his practice. Not because his patients weren't getting results. Because his online presence was so far behind his competitors he couldn't see a path forward. Here's what happened next."

Hook 8

The Industry Expose (Secret Reveal / Insider Knowledge)

"Here's what most marketing agencies will never tell a health business owner — and it's costing the industry millions in lost patient revenue every single year. Generic marketing doesn't work for health businesses. And the proof is sitting right on your website right now."

Hook 9

The Fear of Missing Out (FOMO + Urgency)

"While you've been focused on delivering exceptional patient care — your competitors have been quietly building digital presences that are pulling your ideal patients away from you. Every month without a professional digital strategy is a month of patients choosing someone else."

Hook 10

The Direct Challenge (Viewer Call-Out + Curiosity Gap)

"I want you to do something right now. Pull up your own website on your phone. Look at it the way a brand new potential patient would see it for the very first time. Does it make you proud? Does it make you want to book an appointment? If you hesitated even for a second — this message is for you."

3 VIDEO SCRIPTS WITH B-ROLL SUGGESTIONS

Script 1: The Uncomfortable Truth

218 words | Est. 75–85 seconds

Hook: Hook 1

Framework: Problem-Solution-CTA

Tone: Direct Authority

[OPENING — ON CAMERA: Speaker directly facing camera, confident, professional healthcare setting visible]

"The reason your health practice isn't growing online has nothing to do with your skills, your prices, or even your location."

■ [B-roll: Quick cut to a beautiful, modern health clinic interior — confident, professional]

"It has everything to do with your digital presence. And most health business owners don't realize this until they've already lost thousands of dollars in missed patients."

■ [B-roll: Split screen — outdated health website on left, modern Team Riley website on right]

"Here's the truth. Every single day, potential patients in your area are searching for exactly what you offer. They find your competitor first. Not because your competitor is better than you."

■ [B-roll: Person scrolling on phone, landing on a sleek health business website, tapping "Book Now"]

"But because your competitor shows up better online. That's it. That's the entire difference."

"At Team Riley, we work exclusively with health and wellness businesses. We build world-class websites, manage your social media, handle your SEO, and run patient flow systems — so your calendar stays full while you focus entirely on your patients."

■ [B-roll: Team Riley team working at computers, reviewing health brand content on screens]

"500+ health businesses have already made this shift. The question is — when will you?"

■ [B-roll: Return to speaker, direct eye contact with camera]

"Click the link below. Book a free discovery call with our team. Let's build your digital health presence — starting today."

■ [B-roll: Team Riley website homepage on screen, "Get Started" button highlighted]

Script 2: The Morning She Almost Quit

226 words | Est. 80–90 seconds

Hook: Hook 4

Framework: Storytelling + Transformation

Tone: Empathetic + Inspirational

[OPENING — ON CAMERA: Speaker in warm, professional setting — relaxed, conversational, empathetic]

"She had been in practice for 12 years. Incredible results. A waiting list. A team who loved her."

■ [B-roll: Warm, authentic health clinic environment — busy, professional, well-lit]

"But every Monday morning, she'd open Instagram, look at her competitor's page — and feel her stomach drop."

■ [B-roll: Close-up of phone screen showing a competitor's polished Instagram page with engagement]

"Gorgeous content. New client announcements every week. Meanwhile, her own page had 14 posts in 6 months. And a website she was too embarrassed to send people to."

■ [B-roll: Split screen — outdated website vs. modern Team Riley website]

"Sound familiar?"

■ [B-roll: Return to speaker — pause for effect, direct eye contact]

"She found Team Riley. Within 30 days, she had a website she was proud of. Within 60 days, her social media was running consistently — without her touching it once. Within 90 days, she had her best new client month ever."

■ [B-roll: Fully booked calendar on screen, coffee cup nearby — aspirational and calm]

"Same practice. Same expertise. Same passion for her patients. The only thing that changed was her digital presence."

■ [B-roll: Confident health professional walking through their beautiful clinic — pride visible]

"Team Riley works exclusively with health and wellness businesses. We handle everything — website, social media, SEO, patient flow. You focus on what you do best."

"Your story doesn't have to include a Monday morning where you feel like you're falling behind. Click the link below — let's change that."

■ [B-roll: Team Riley website on screen, "Book a Discovery Call" calendar visible]

Script 3: The Direct Challenge

231 words | Est. 80–95 seconds

Hook: Hook 10

Framework: Interactive Engagement + Direct Response

Tone: Confident + Challenging + Direct

[OPENING — ON CAMERA: Speaker holding their phone up to camera — demonstrating as they describe. High energy, direct]

"I want you to do something right now."

■ [B-roll: Speaker visibly pulls out phone, holds it up]

"Pull up your own website on your phone. Look at it the way a brand new potential patient would see it for the very first time."

■ [B-roll: Close-up of phone screen showing an outdated, generic health website]

"Does it make you proud? Does it make you want to book an appointment?"

■ [B-roll: Return to speaker — pause, letting the question land]

"If you hesitated even for a second — this message is for you."

■ [B-roll: Speaker sets phone down, leans toward camera — more direct and intimate]

"Here's what that hesitation is costing you. Every potential patient who lands on your website and feels that same hesitation — they leave. They book with your competitor instead."

■ [B-roll: Person on phone, scrolling past a health business website, clicking away to competitor]

"Not because your care is worse. Because your digital presence didn't give them confidence."

"Team Riley fixes this. World-class websites. Unlimited updates. Patient flow systems. Social media management. SEO. All done for you — exclusively for health and wellness businesses."

■ [B-roll: Beautiful health website on screen, appointment calendar filling up]

"500+ health businesses have already made this shift. Their patients feel confident before they ever walk through the door."

"Click the link. Book your discovery call today. Let's make sure the next person who finds you online — books with you."

■ [B-roll: Return to speaker — strong, direct close, slight smile]

PART 5 | TARGETING & KPIs

CAMPAIGN GOALS & KPIs

Campaign Type	Sales — Direct Plan Sign-Up Following Discovery Call
Primary Platform	LinkedIn (with planned Meta expansion)
Starting Daily Budget	\$10–\$20/day (Micro Budget Testing Phase)
Primary KPI	Cost Per Discovery Call Booked
Secondary KPI	Cost Per Plan Sign-Up (CPA)
CTR Target	0.5%–1.0% LinkedIn Sponsored Content
Landing Page CVR	3%–8% of visitors booking a discovery call
CPA Goal	To be established after first 30-day testing window

Campaign Evaluation Windows

48 Hours	Initial creative and audience reaction — impressions and early engagement check
72 Hours	Early CTR and CPC assessment — are people clicking?
7 Days	First meaningful data set — assess creative performance and audience quality
14 Days	Pattern identification — which creatives and cohorts are producing best results?
21 Days	Optimization decision point — scale winners, pause underperformers
28 Days	Full monthly assessment — complete CPA analysis and Month 2 strategic direction

Budget Strategy — 3 Scenarios

SCENARIO	DAILY	MONTHLY	BEST FOR
Conservative	\$10/day	\$300/mo	Initial testing, low-risk validation
Moderate ■ Recommended	\$20/day	\$600/mo	Accelerated testing with faster data collection
Growth	\$50/day	\$1,500/mo	Post-validation scaling of proven winners

20 COHORT TARGETING CLUSTERS — LINKEDIN

COHORT 1: Practice Management Software Users

Health owners using Jane App, Mindbody, TherapyNotes, SimplePractice, or Kareo.

Why This Works: Already invested in practice growth — primed for digital marketing that drives more patients into their system.

Avatar Alignment: All 5 avatars

Actively researching healthcare website builders, digital agencies, SEO tools, social media platforms.

Why This Works: HIGHEST INTENT — actively comparing options right now. Team Riley's health-exclusive positioning wins here.

Avatar Alignment: All 5 avatars — highest purchase intent

5 IMMEDIATE LAUNCH ACTION ITEMS**Action 1: Set Up LinkedIn Campaign Manager**

Create account, install LinkedIn Insight Tag on teamrileyweb.com, set up conversion tracking for discovery call bookings. This ensures every dollar is trackable from impression to booked call.

Action 2: Launch Micro Budget Test with 3 Ad Variations

Start \$10-15/day testing: (A) Long-Form Post 1 + Image 1 Before/After, (B) Long-Form Post 2 + Image 6 Confident Owner, (C) Short-Form Post 5 + Image 10 Bold Typography. Target all to Cohort 8 Job Title first.

Action 3: Record Video Content Using Script 1 or Script 3

Record on smartphone with good natural lighting. Authenticity > production value at micro budget stage. Use Script 1 for cold audiences, Script 3 for warm retargeting.

Action 4: Optimize the Discovery Call Booking Flow

Ensure "Need First Aid?" calendar on teamrileyweb.com is prominently visible, loads fast on mobile, and requires minimal steps. Every friction point reduces conversion rate and increases CPA.

Action 5: Document Baseline Metrics Before Launch

Record current: monthly new client inquiries, website traffic, social media engagement, and revenue. These baselines make it possible to accurately measure ROI impact of Team Riley investment.

■ AI PROMOTION PRIMER COMPLETE

This document is your living marketing bible. Update it as you learn more about your market, your patients, and your results. Use it to brief any AI tool, any team member, or any marketing partner — instantly and completely.

Ready to launch your LinkedIn ads? Start with \$10-20/day and the Micro Budget Strategy.
